About digitGuru

WE DON'T JUST BUILD IT SOLUTIONS
WE BUILD POSSIBILITIES FOR YOU

At **digit**Guru we strive to excel in the invention and development of the industry's most advanced technologies including mobile apps, web, eCommerce, mCommerce, IoT, Wearables, AR/VR, cloud integration, cross-platform, on-demand, enterprise mobility and alike. We translate these technologies into value for our clients' customers giving them professional and best-in-class services; thereby helping businesses throughout the world harness their full potential.

Since 2018 we have been going that extra mile to create exceptional digital strategies for our clients and their customers. That said, we are awarded by top-tier research firms and featured in premium magazines and journals.

Customers use digitGuru IT Solutions to mitigate credit and supplier risk, increase cash flow and drive increased profitability, and Creative Development help our clients to provide data management capabilities that provide effective and cost efficient marketing solutions and to convert prospects into clients by enabling business professionals to research companies, executives and industries.

digitGuru is the world's leading source of design information and insight on businesses. Enabling companies to decide for more than 10 years. Today digitGuru business contains more than hundreds of service around the world.

digitGuru History

Amazing things happen to your business when we connect those dots of utility and value.

Passion is the **key essential** force that drives **our Success**, it determines everything that we think and do.

2017

digitGuru is founded as all Agency driven with \$300

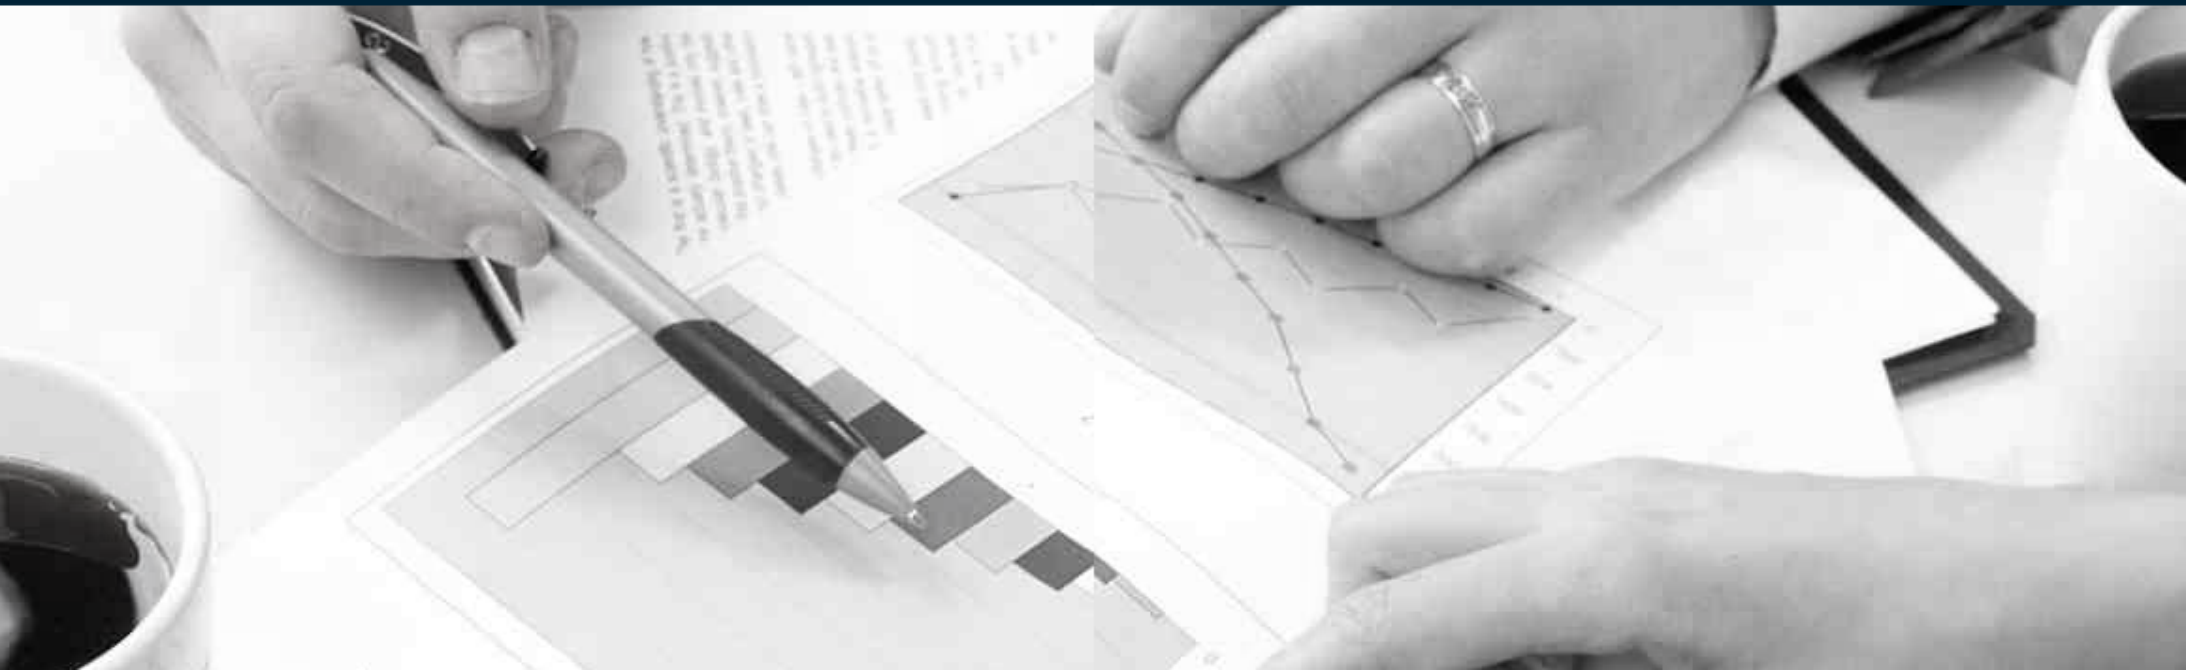

2018

Start as Company and decided to focus on branding.
Get a big Project From Turkey.

2019

Start As Public Company and decided to Expand to All Countries.

WE BELIEVE IN COMMON SENSE, COURAGE AND CHEMISTRY

Good ideas always start with **common sense**, understanding the objective to transform insights into vision. **courage** empowers us to stand up for the big idea, our skills, talents and abilities to connect and share with like-minded people facilities for inspirational ideas that do one thing above all: sell.

RESEARCH & DEVELOPMENT ACTIVITIES

digitGuru is known as an innovation leader in the mobile app development. The Company has very Expert Developers, Team Leaders and Project Leader.

PROJECT MANAGEMENT & EXECUTION

In project execution, Process is maintained through digitGuru Project management tool(MPD) through which customer can track the work done and take status, this reduces iterations in the Builds.

OPTIMIZATION & SECURITY

How a mobile app performs depends entirely how well it is optimized. To Enhance the performance of the app. We employ following methods:-

- 1)- **Server Clustering**
- 2)- **Multi core CPU Code**
- 3)- **Socket based API**

CEO Statement

WE BELIEVE IN TAKING THE ROAD LESS TRAVELLED AND THAT HAS MADE ALL THE DIFFERENCE...

Established in 2018, digitGuru IT Solutions has become India's one of the best starts up company in Web and Mobile App Development.

digitGuru IT Solutions began developing mobile apps in 2019 on iOS platform. Before that digitGuru was serving mainly in Web apps. This step has led the company to not only become India's leading mobile apps development startups company but also India's most reputed and renowned name with great number of happy clients.

digitGuru has enjoyed the prestige of having worked with some of the big brands, Indian as well as International.

WE LOVE WHAT WE DO BECAUSE WE ARE PASSIONATE ABOUT IT

At **digitGuru** we've assembled a rich array of services and skills- from digital communication strategies into developing business strategies. Each of these capabilities has a role to play in finding the right solution. We focus on one thing: using high technology to make our clients business bigger, smarter and more success.

WEB DESIGNING

digitGuru a company located in the center of India looks beyond innovation and engineering and thus executes webdesign services that set up a long-lasting unspoken mark of our commitment and sincerity towards designing of mankind and society.

GRAPHICS DESIGNING

Nothing makes us happier than making life easier for startups, enterprises and innovative brands that want to achieve a distinguished online presence on desktop, mobile, tablet or any other user devices.

WEB DEVELOPMENT

digitGuru is a premier website development company. We're in the business of awesome web development because we only rely on premier, modern and most worthy technologies to build web projects.

SOFTWARE DEVELOPMENT

The best thing that we offer at **digitGuru** is the same expertise and dedication when it comes to providing support and Software development services.

PAYMENT GATEWAY

A payment gateway facilitates a payment transaction by the transfer of information between a payment portal (such as a website, mobile phone or interactive voice response service) and the front end processor or acquiring bank.

MOBILE APP DEVELOPMENT

Mobile-first approach rank us among the top mobile app development companies in India, as we deliver complete mobility solutions that meet the needs of business, industry and end-users

SEARCH ENGINE OPTIMIZATION

SEO is a method of optimizing (enhancing the effectiveness of) your content for the search engines, in order to help it rank higher than content from other sites that target the same search terms.

SOCIAL MEDIA OPTIMIZATION

SMO is similar to search engine optimization, in that the goal is to generate web traffic and increase awareness for a website.

PAY PER CLICK

PPC stands for pay-per-click, a model of internet marketing in which advertisers ... relevant content and a clear call-to-action, tailored to specific search queries.

CONTENT WRITING

Content writers typically create content for the Web. This content can include sales copy, e-books, podcasts, and text for graphics.

MOBILE APP MARKETING

How to build a profitable growth strategy for a mobile app. Huge investments in marketing are not the only way to support an app growth.

GOOGLE ADWORDS

Get in front of customers when they're searching for businesses like yours on Google Search and Maps. Only pay for results, like clicks to your website or calls to your business

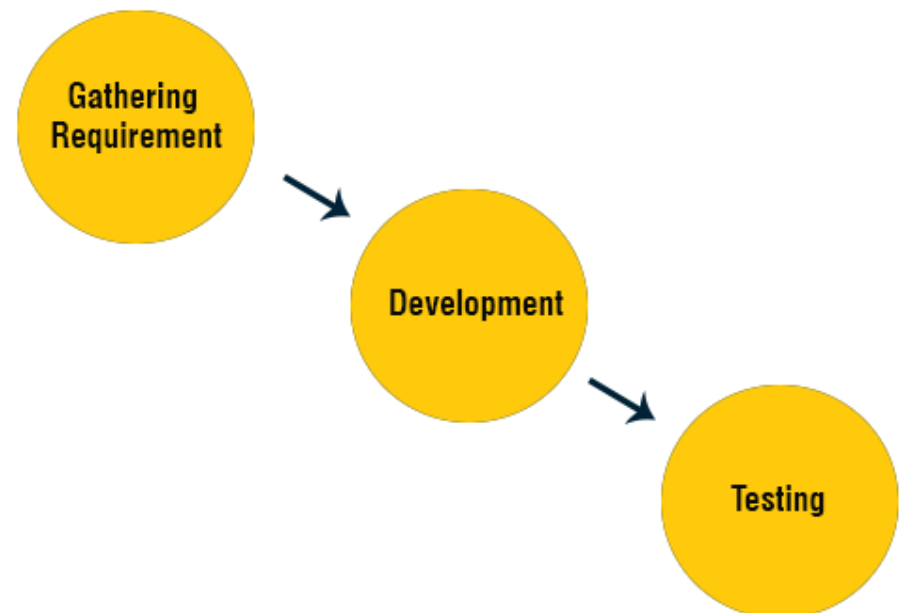

EXPANDING DOMAIN & REACHING UNTOUCHED AREAS

- CHAT APPLICATIONS
- LOCATION BASED APP
- SOCIAL NETWORKING APPLICATION
- SERVICE ON DEMAND
- E-COMMERCE APPLICATION

Project Management & Execution

with proper process comes the quality and quality is not optional **digitGuru** believes the following well defined and standard processes might take few minutes extra but save us from any future issues that might occur due to missing information or communication gap. Before commencing design and development project management team assigns Project coordinator who reviews project allocate resources, prepare SRS and wireframes so that nothing left out.

Case Study

Christopher

We needed a LOGO for new tech startup

We're a very small team, and with all our energy focused on building the product i thought i'd give digitGuru a shot, not having used it before. digitGuru were in the top few providers under the LOGO DESIGN category and had plenty of great Feedback. I had a flick through some of their previous work and felt really comfortable that they would be able to achieve the "feel" we were after.

Lacks Strong Footprint In

digitGuru is working hard in hiring skilled and experienced resources so that expertise in these areas could be demonstrated to customers and deals could be closed.

Taking It Literally

In this time of Progress and Growth, when what really matters is how fast a company is growing and heading towards its goal , the one thing that is often not recognized pronunciation of digitGuru as constant.

FREQUENTLY ASKED QUESTIONS

Have some questions about our services, our Company or the design process itself? Here are some of the more frequent questions we get asked. If you can't find the answer you're looking for, you can always get in touch via email.

Do You Accept From My Country

Yes, We have completed design projects for companies around the globe, and often work with clients from the USA, Canada, Germany, and many Countries.

How Do You Delivers The Final?

We deliver final files by email, google drive or dropbox. Hence it is very important that you provide correct email address while ordering our service.

Is Your 100% Money Back Guarantee for real?

If you are Unhappy with the designs and revisions we produce, or even if you need to cancel you order before it has been completed, we will provide a full refund.

How Do Revision Work?

Scope of work on revision vary. Some Client ask to tweak colors, font and layout. Sometimes, or even Combine the top half of one concept with the bottom half of another.

Do I get the Copyright?

Absolutely you will retain the copyright for the designed logos. This will allow you to use the logo whatever you see fit. We do ask for the right to display the logo in our work portfolio for advertising purposes.

Where I Can Use The Files?

You will be able to use your files in designing any print materials, desktop publishing and on Websites. For example: You can use your logo on mouse pads, coffee cups, sticky notes, pens, t-shirts etc.

**Thank you for Business
with us.**
